100/GENERAL/2729 **A.O. 1/1951**

Grant of Honorary Rank to Officers of the Regular Army (including Women Officers and Officers serving on Emergency, Temporary, Short Service or Temporary Short Service Commissions), Regular Army Reserve of Officers (including the Militia and the Supplementary Reserve of Officers), and the Territorial Army and Territorial Army Reserve of Officers (excluding the Combined Cadet Force and the Army Cadet Force), and to Retired Officers Re-employed.

1. The conditions for the grant of honorary rank contained in Army Orders 128 and 129 of 1945 were designed to meet the conditions following the end of hostilities in the late war. They are no longer appropriate and cease to operate from 30th September, 1950.

2. On and from 1st October, 1950, an officer who is entitled to retain his rank under Army Order 3 of 1951 will, provided that he has rendered satisfactory service throughout, be eligible for the grant of honorary rank as set out below on leaving the active list of the Regular Army, the Supplementary Reserve or the active list of the Territorial Army.

Digitized by Google

3. Honorary rank may be granted equivalent to the highest temporary or acting rank which has been held for an aggregate period of six months; or for a lesser period if the officer's service in the rank was terminated by wounds or sickness which involved absence from duty and subsequent retirement, relegation to the appropriate reserve, unemployment or termination of his commission. Local rank does *not* qualify an officer for the grant of honorary rank, but in very special circumstances, to be determined by the Army Council, an officer may be granted honorary rank equivalent to his local rank, provided such rank was held on or after 13th August, 1945.

4. Any period during which Army acting or temporary rank is held by an officer seconded or attached to another Department or Service (or any period during which equivalent rank in that Department or Service is held) may count under para. 3.

5. Honorary rank granted under this Army Order will be suspended automatically when an officer is employed on Army service or on enlistment or on being deemed to be enlisted in the ranks under the National Service Acts and, in the case of an officer of the Supplementary Reserve or Territorial Army, while performing military duty.

6. At the end of an officer's service as prescribed in para. 5 above honorary rank so suspended will be restored, unless the officer is granted a higher honorary rank under the provisions of this Army Order.

7. The grant of honorary rank will be notified in the *London Gazette* but an officer who receives from the War Office in writing official intimation of the grant of honorary rank may assume the rank if he so desires, pending and subject to confirmation in the *London Gazette*.

8. Eligibility for the grant of honorary rank following service in the reconstituted Supplementary Reserve of Officers or on the active list of the reconstituted Territorial Army will be retrospective to 1st May, 1947.

9. Army Orders 128 and 129 of 1945 are hereby *cancelled*.

100/GENERAL/2729 **A.O. 2/1951**

Grant of Honorary Rank to Cadet Force Officers.

1. On and from 1st April, 1949, an army officer of the Combined Cadet Force or an officer of the Army Cadet Force will, provided he has rendered satisfactory service throughout, be eligible for the grant of honorary rank on retirement or resignation equivalent to the highest

acting rank held as a Cadet Force Officer for a total period of not less than 12 months, under the following conditions:—

(*a*) For the grant of the honorary rank of major and below an officer must have a total of 10 years' commissioned service in the Regular or Auxiliary Forces, in the Home Guard, or in recognized pre-service Cadet Forces when holding a commission in the Territorial Army Reserve of Officers or a Lord Lieutenant's commission.

(*b*) For the grant of the honorary rank of lieutenant-colonel or colonel, an officer must have a total of 18 years' commissioned service as described in para. (*a*) above.

(*c*) A minimum of 5 years of the total commissioned service mentioned in sub-paras. (*a*) and (*b*) must have been served with recognized pre-service Cadet Forces.

2. Any period during which an officer holds, as a Cadet Force officer, the rank of acting captain while under the age of 23 years or the rank of acting major while under the age of 27 years will not count as part of the 12 months mentioned in para. 1 above.

100/GENERAL/2728 **A.O. 3/1951**

Retention of Rank—Officers.—The following categories of officers may be permitted to retain their substantive ranks :—

1. Officers who retire after completing ten or more years' commissioned service on the active list of the Regular Army.
2. Officers who, after completing ten or more years on the active list of the Regular Army, subsequently cease to belong to the Regular Army Reserve of Officers on reaching the age limit for liability to recall.
3. Officers who, after completing a total of ten years' commissioned service in the Supplementary Reserve of Officers or on the active list of the Territorial Army, cease to belong to the Supplementary Reserve of Officers or retire from the Territorial Army.
4. Officers who, after completing a total of ten or more years' commissioned service in the Supplementary Reserve of Officers or on the active list of the Territorial Army, transfer either to the Regular Army Reserve of Officers or to the Territorial Army Reserve of Officers, as applicable, and subsequently either cease to belong to those Reserves, on reaching the age limit of liability to recall or cease to belong to those Reserves at their own request before reaching such age limit.

SPECIAL ARMY ORDER

No. 65

THE WAR OFFICE — 22*nd June*, 1951

20/INFANTRY/3904 — **A.O. 65/1951**

Citation

The Army Council have approved of the publication of the following citation which appeared in General Orders, No. 286 of the Eighth United States Army Korea (EUSAK), on 8th May, 1951, on behalf of C Troop, 170th Independent Mortar Battery, Royal Artillery and the 1st Battalion, The Gloucestershire Regiment:—

"The 1ST BATTALION, GLOUCESTERSHIRE REGIMENT, BRITISH ARMY and C TROOP, 170TH INDEPENDENT MORTAR BATTERY, ROYAL ARTILLERY, attached, are cited for exceptionally outstanding performance of duty and extraordinary heroism in action against the armed enemy near Solma-ri, Korea, on the 23rd, 24th and 25th April, 1951. The 1ST BATTALION and C TROOP were defending a very critical sector of the battle front during a determined attack by the enemy. The defending units were overwhelmingly outnumbered. The 83rd Chinese Communist Army drove the full force of its savage assault at the positions held by the 1ST BATTALION, GLOUCESTERSHIRE REGIMENT and attached unit. The route of supply ran southeast from the battalion between two hills. The hills dominated the surrounding terrain northwest to the Imjin River. Enemy pressure built up on the battalion front during the day, 23rd April. On 24th April the weight of the attack had driven the right flank of the battalion back. The pressure grew heavier and heavier and the battalion and attached unit were forced into a perimeter defence on Hill 235. During the night, heavy enemy forces had by-passed the staunch defenders and closed all avenues of escape. The courageous soldiers of the battalion and attached unit were holding the critical route selected by the enemy for one column of the general offensive designed to encircle and destroy 1 Corps.

These gallant soldiers would not retreat. As they were compressed tighter and tighter in their perimeter defence, they called for close-in air strikes to assist in holding firm. Completely surrounded by tremendous numbers, these indomitable, resolute, and tenacious soldiers fought back with unsurpassed fortitude and courage. As ammunition ran low and the advancing hordes moved closer and closer, these splendid soldiers fought back viciously to prevent the enemy from overrunning the position and moving rapidly to the south. Their heroic stand provided the critically needed time to regroup other 1 Corps units and block the southern advance of the enemy. Time and again efforts were made to reach the battalion, but the enemy strength blocked each effort. Without thought of defeat or surrender, this heroic force demonstrated superb battlefield courage and discipline. Every yard of ground they surrendered was covered with enemy dead until the last gallant soldier of the fighting battalion was over-powered by the final surge of the enemy masses. The 1ST BATTALION, GLOUCESTERSHIRE REGIMENT and C TROOP, 170TH INDEPENDENT MORTAR BATTERY displayed such gallantry, determination, and *esprit de corps* in accomplishing their mission under extremely difficult and hazardous conditions as to set them apart and above other units participating in the same battle. Their sustained brilliance in battle, their resoluteness, and extraordinary heroism are in keeping with the finest traditions of the renowned military forces of the British Commonwealth, and reflect unsurpassed credit on these courageous soldiers and their homeland.

BY COMMAND OF LIEUTENANT GENERAL VAN FLEET.

2. (*a*) The medal will be known as the Korea Medal.
(*b*) The ribbon will be in blue and yellow, the blue representing that of the United Nations flag.
(*c*) When a Mention in Despatches has been awarded for service in the Korea operations, the single bronze oak leaf emblem will be worn on the ribbon of the Korea Medal.

3. Provided the claims are approved by the Army Council, the medal will be granted to officers and other ranks of the British Army, and to members of the civilian organizations listed in para. 4 (*b*).

B 95, nominal rolls in duplicate of serving and non-effective personnel who have fulfilled the qualifying conditions of para. 4 (*a*) (i) above. The names of officers and warrant officers will be entered in order of rank, and the names of non-commissioned officers and men in alphabetical order. To ensure that the highest rank held by the individual during operational service in Korea is shown on the rolls, A.Fs. (i) Officers—to the Under-Secretary of State, The War Office (A.G. 4 Medals).

(ii) Other ranks—to Officers i/c Records.

(*b*) (i) Separate medal rolls will be completed for each regiment or corps represented in a unit.

(ii) Subsidiary rolls will be submitted periodically in respect of any personnel who leave the qualifying area on return to the United Kingdom, or on posting to a non-operational area.

Full details of the nature of the duties, the authority for the visit, etc., and the dates of entry into and exit from the operational area, will be supplied with each application.

(iv) Officers who have left the operational area and are not serving with their units may submit applications in memorandum form (in lieu of A.F. B 95) to the War Office (A.G. 4 Medals).

(*c*) The names of individuals convicted of offences for which the award is to be forfeited under the conditions laid down in King's Regulations, 1940, Appendix XXXI, are to be entered in red on the rolls, and the nature of the offence will be stated in the "remarks" column.

(*d*) The medal rolls of other ranks, when received from units, will be held by Officers i/c Records. Instructions regarding the submission of the rolls to the War Office for the stamping and despatch of medals will be issued in due course.

(*b*) Other ranks discharged, released, or transferred to the Army Reserve, and the legal beneficiaries of those deceased, should apply to the Officer i/c Records of the regiment or corps with which the last period of army service was rendered.

8. (*a*) Officers commanding units (and Officers i/c Administration) may authorize the provisional wearing of the ribbon, pending final approval and issue of the medal. An initial issue of 2½ inches of ribbon will be supplied for this purpose.

Digitized by Google

A field-marshal who has been awarded a terminal grant under this Article shall not be eligible for any further terminal grant on the conclusion of any subsequent period of full pay service.

SECTION II

SERVICE RETIRED PAY, TERMINAL GRANTS, AND GRATUITIES FOR REGULAR ARMY OFFICERS

2. The provisions in this Section relate to officers holding permanent regular army commissions who retire from the Active List on or after the 1st September, 1950. They do not apply to officers of Maltese units, or to officers of other categories for which special provision is or may hereafter be made.

Service Retired Pay

3. *Retirement for age or non-employment.*—An officer retiring on or after attaining the age limit* fixed for service in his rank and category, or, it having been decided that further employment is not available for him, retired compulsorily before attaining that age limit, may be granted retired pay, provided that he has completed at least 20 years' qualifying service as defined in Articles **28** to **30** below.

4. The rate of retired pay will be based on the officer's rank for retired pay purposes, as defined in Articles **21** to **23**, and on the length of his reckonable service, as defined in Article **31**.

5. If the officer's reckonable service is not less than the standard service period for his rank for retired pay purposes, he may be granted retired pay at the standard rate for that rank, as follows :—

Rank for retired pay	*Standard service periods*	*Standard retired pay rate*
Captain or below	20 years	£400 a year.
Major	22 years	£500 a year.
Lieutenant-colonel	24 years	£675 a year.
Colonel	26 years	£875 a year.
Brigadier	28 years	£1,000 a year.
Major-general	30 years	£1,200 a year.
Lieutenant-general	30 years	£1,400 a year.
General	30 years	£1,700 a year.
Officers of the quarter-master and analogous classes		
Captain or below	20 years	£400 a year.
Major	22 years	£475 a year.
Lieutenant-colonel	24 years	£550 a year.

* *See* Army Council's Instructions at end of Schedule.

Digitized by Google

6. Where the officer's reckonable service is less than the standard service period for his rank for retired pay purposes, the award of retired pay will be at the standard rate for that rank reduced by one deduction, according to the table set out in Article **7** below, for each year or part of a year of the deficiency.

7. The scale of deductions will be :—

Rate of retired pay	*Each deduction*
Above £1,000 a year	£50 a year.
£1,000 and above £600 a year	£30 a year.
£600 and above £400 a year	£20 a year.
£400 and above £300 a year	£15 a year.
£300 and above £200 a year	£10 a year.
£200 a year and below	£5 a year.

Deductions will be made successively until the number of deductions due to be made has been completed, and each deduction in turn will be of the amount appropriate to the rate remaining after the preceding deduction.

8. Where, in the interests of the Service, an officer was granted a permanent regular army commission at an age later than that of the normal entrant, and he has in consequence of his late entry not completed 20 years' qualifying service at the time of his compulsory retirement for age or non-employment, retired pay as provided in Articles **5** to **7** of this Schedule may nevertheless be granted at the discretion of the Army Council, if considered warranted by the circumstances of the individual case, provided that the officer has completed at least 15 years' qualifying service.

9. *Retirement for non-promotion.*—An officer who it is decided shall be compulsorily retired in the interests of the Service on the ground that he has been superseded for further promotion, may be granted retired pay as if he had retired for non-employment.

10. *Voluntary retirement.*—An officer with at least 20 years' qualifying service who is permitted to retire at his own request, may be granted retired pay computed as follows :—

(*a*) If he is, at the time of retirement, within two years of the age limit fixed for service in his rank and category, his retired pay will be computed as if he had retired compulsorily for non-employment.

(*b*) In other cases the retired pay will be computed at the rate for which he would have been eligible had he continued to serve in his rank for retired pay purposes until compulsorily retired at the age limit for that rank, less one deduction on the scale set out in Article **7** above for each year, or part of a year, by which the difference between his age on retirement and the said age limit exceeds two years, with a further deduction of 10 per cent. from the amount so calculated.

Digitized by Google

11. *Invaliding.*—An officer who is invalided, with at least 10 years' qualifying service, may be granted retired pay as follows :—

(*a*) If he has 20 or more years' qualifying service, the award will be assessed as for compulsorily retirement for non-employment under Articles **3** to **7**.

(*b*) If his qualifying service is less than 20 years, his retired pay will be computed as follows :—

From the award for which he would have been eligible under sub-para. (*a*) had he completed 20 years' qualifying service and then retired in the rank of major, or his existing rank, if higher, a deduction will be made of twice the amount laid down in Article **7** for each year or part of a year by which his qualifying service falls short of 20 years.

Where the circumstances leading to an officer's invaliding are due to the officer's own fault, or to causes within his control, the grant and amount of retired pay will be at the discretion of the Army Council.

12. *Retirements for unsuitability or inefficiency not within the officer's control.*—An officer who is retired or called upon to retire, for unsuitability or for inefficiency, not due to causes within his own control, and having at least 20 years' qualifying service, may be granted retired pay as for a compulsory retirement on account of non-employment.

13. *Retirement for causes within the officer's control.*—An officer who is retired, or is called upon to retire, for inefficiency or other cause within his own control, but not amounting to misconduct, and having at least 20 years' qualifying service, may be granted a compassionate award of retired pay at such rate as the Army Council may determine but not in any event exceeding the retired pay rate which would have been admissible had he retired at his own request.

14. *Retirement, etc., for misconduct.*—An officer who is retired, or is called upon to retire, for misconduct, or who is cashiered or dismissed the Service, and having at least 20 years' qualifying service, may be granted, if the Army Council so decide, a compassionate award of retired pay at such rate as they may determine, but not in any event exceeding 90 per cent. of the retired pay rate which would have been admissible had he retired at his own request.

15. In the exercise of their discretion under Articles **13** and **14** above the Army Council may grant a compassionate gratuity in place of retired pay.

16. *Special rules relating to officers promoted from the ranks.*—The following special rules will apply to an officer granted promotion to a commission while serving on a normal regular army engagement, and

who serves continuously until retired while holding a permanent regular commission :—

(*a*) He may be granted retired pay on compulsory retirement for age or non-employment, assessed as in Articles 3 to 7, notwithstanding that he may have less than 20 years' reckonable service under Article 31, provided that he has at least 15 years' service reckonable under that Article and at least 22 years' service reckonable for the purpose of soldiers' service pension calculated as in Article 85.

(*b*) He may be granted retired pay at the rate of the service pension for which he would qualify under the rules applicable to soldiers, such award being in place of any retired pay or other award under this section.

17. *Chaplains.*—Chaplains will not be eligible for awards under the foregoing Articles.

Retired pay will be admissible if the chaplain has completed 20 years' qualifying service, or 15 years' qualifying service if compulsorily retired for age, or 10 years' qualifying service if invalided.

Retired pay will be assessed as follows :—

(*a*) In the case of compulsory retirement for age or non-employment, the retired pay rate will be based on the length of the chaplain's reckonable service in accordance with the following table, but will be subject to a maximum of £500 a year for a Chaplain to the Forces, 3rd Class, and of £675 a year for a Chaplain to the Forces, 2nd Class.

Length of reckonable service	*Retired pay rate*
22 years	£500 a year
23 years	£535 a year
24 years	£570 a year
25 years	£605 a year
26 years	£640 a year
27 years	£675 a year
28 years	£715 a year
29 years	£755 a year
30 years	£795 a year

If the chaplain has less than 22 years' reckonable service, the award of retired pay will be at the rate of £500 a year, reduced by one deduction on the scale set out in Article 7, for each year or part of a year by which the reckonable service falls short of 22 years.

(*b*) A chaplain permitted to retire at his own request will be eligible for retired pay assessed as in sub-para. (*a*) above, but unless his retirement takes place within two years before the age limit fixed for service in his class, the retired pay so assessed will be reduced by 10 per cent.

Digitized by Google

(*c*) A chaplain who is invalided may be granted retired pay as follows :—

(i) If he has 20 or more years' qualifying service, the award will be assessed as for compulsory retirement for non-employment under sub-para. (*a*) above.

(ii) If his qualifying service is less than 20 years, his retired pay will be computed as follows :—

From the award for which he would have been eligible under (i) had he completed 20 years' qualifying service and then retired, a deduction shall be made of twice the amount laid down in Article 7 for each year or part of a year by which his qualifying service falls short of 20 years.

(*d*) A chaplain leaving the Service in the circumstances referred to in Articles 12 to 15 above, may be granted an award on the basis of those Articles.

18. *The Chaplain-General to the Forces.*—The Chaplain-General to the Forces may be granted retired pay as follows, provided he has completed the appropriate period of qualifying service, as set out in Article 17 above :—

(*a*) If he has completed 28 years' reckonable service and (unless he is invalided) at least two years as Chaplain-General, £1,100 a year.

(*b*) If he has less than 28 years' reckonable service, his retired pay rate will be arrived at by one deduction from the rate of £1,100 a year, on the scale set out in Article 7, for each year or part of a year by which his reckonable service falls short of 28 years.

(*c*) If he retires at his own request, his retired pay, computed as above, will be subject to a reduction of 10 per cent., unless he retires within two years before the age limit fixed for service as Chaplain-General.

(*d*) If (not being invalided from the Service) he serves as Chaplain-General for less than two years, he will be given retired pay calculated as in Article 17 above.

Terminal Grants in addition to service retired pay

18A. An officer retiring from the Active List on or after the 1st September, 1950, and awarded retired pay under the foregoing provisions of this Section, may be awarded a terminal grant in addition to his retired pay.

18B. The standard rate of terminal grant shall be £1,000 and, subject to Articles 18C to 18E below, a grant of this amount may be awarded in any case in which the officer is awarded retired pay and has not less

than 20 years' reckonable service. If the officer is awarded retired pay, but has less than 20 years' reckonable service, the grant shall be at the rate of one-twentieth of the standard rate for each year of his reckonable service.

18C. In the case of an officer retiring at his own request and awarded retired pay under Article **10**(*b*) of this Schedule, or under Articles **17**(*b*) or **18** (*c*) with a reduction of 10 per cent., the terminal grant admissible under Article **18B** will be reduced by 10 per cent.

18D. A terminal grant under Article **18B** shall not be admissible in a case to which Article **13** or Article **14** applies, but in such a case the Army Council may at their discretion award a compassionate gratuity not exceeding, where Article **13** applies, the award which would be admissible had the officer retired at his own request, or, where Article **14** applies, 90 per cent. of that rate. Where under Article **15** the Army Council exercise their discretion to award a compassionate gratuity in place of retired pay, an addition to that gratuity may be given under this Article, as if the officer had been granted retired pay.

18E. In the case of an officer awarded retired pay under Article **16**(*b*), the terminal grant will be restricted to the amount for which he would qualify under the rules applicable to soldiers.

18F. An officer receiving a terminal grant under the foregoing provisions will not be required to refund the grant, or any portion of it, in the event of his reinstatement or of his otherwise resuming full pay service, but no additional terminal grant will be payable on the termination of his further service, whether or not his retired pay award is revised.

18G. An officer who retired before the 1st September, 1950 and who resumes full pay employment otherwise than by reinstatement, shall not be eligible for any terminal grant on the termination of his further service.

Service Gratuities

19. An officer (other than an officer of the quarter-master and analogous classes) retiring and ineligible for service retired pay may, on the cessation of his service, be granted a gratuity as follows:—

(*a*) On compulsory retirement for age or non-employment, or on retirement at his own request, with at least 10 years' qualifying service:—

For the first 10 years' qualifying service ..	£1,000
For each further year's qualifying service, an addition of	£150

subject to a maximum gratuity of £2,350.

The £150 addition will, however, be applicable only in respect of complete years of service given after the 6th March, 1946. For each

If with 10 or more years' qualifying service, a gratuity as in sub-para. (*a*) above.

If with less than 10 years' qualifying service, a gratuity at the discretion of the Army Council, not exceeding the following :—

With less than 2 years' qualifying service ..	Nil.
With 2 years' qualifying service	£75

(*d*) If retired, or called upon to retire, for inefficiency or other cause within his own control, but not amounting to misconduct, with at least 10 years' qualifying service, a compassionate gratuity of such amount as the Army Council may determine, but not in any event exceeding the amount which would under (*a*) above have been admissible had the officer retired at his own request.

(*e*) If retired, or called upon to retire, for misconduct, or if cashiered or dismissed the Service, with at least 10 years' qualifying service, a compassionate gratuity of such amount as the Army Council may determine, but not in any event exceeding 90 per cent. of the award which would have been admissible under (*a*) above had the officer retired at his own request.

19A. An officer granted a permanent regular commission, other than by promotion from the ranks, after 17th September, 1949, shall not be eligible for the award of a gratuity under Article **19**, sub-paragraph (*a*), on retirement at his own request, unless his service as a permanent regular officer or, if he was granted a permanent regular commission while holding a short service commission, his combined service as a short service and permanent regular officer amounts to at least five years.

The provisions of this Article shall not apply to an officer who had, before the grant of a permanent regular commission, an entitlement or prospective entitlement to an award under **Section IV.**

20. Officers of the quarter-master and analogous classes shall not be eligible for gratuities in the event of retirement with insufficient service for retired pay.

Rank for Retired Pay Purposes

21. Subject to the following Articles, the rank for retired pay purposes will be the substantive rank held by the officer on his retirement, provided that, unless the officer is invalided, the rank had been held on the Active List for the following minimum period :—

General	One year.
Lieutenant-general and lower ranks	Two years.

If the substantive rank has been held for less than the period specified, the rank for retired pay purposes will be the highest substantive rank which (with periods spent in higher substantive rank) satisfies the condition.

22. Where a substantive rank was attained before 1st July, 1946 (or in the case of officers compulsorily retired from the former Indian Army, before 31st December, 1947), any previous periods spent in equivalent or higher paid acting, temporary, or war substantive rank may be reckoned towards the period of service necessary in the substantive rank.

23. *War substantive rank.*—An officer who has completed two years' service or more in a war substantive rank attained before 1st November, 1947, may be granted retired pay as if that rank were his rank for retired pay purposes, but additions to the award under Article **24** below will not be admissible.

If, after the completion of two years' service in a war substantive rank, an officer relinquishes that rank on the modification or termination of the war promotion system, he may nevertheless retain his eligibility for an award on the basis of his war substantive rank.

If an officer relinquishes a war substantive rank, on the modification or termination of the war promotion system, before he has completed two years' service therein, he may reckon towards the completion of the necessary two years any subsequent period during which equivalent or higher temporary rank is held.

Additions to Retired Pay for Service in Paid Acting and Temporary Rank

24. Where an officer has for a year or more held paid acting or temporary rank, under the war promotion system, one step above his rank for retired pay purposes, he may be granted an addition to the retired pay for which he is otherwise eligible, calculated as follows :—

(*a*) For each year (subject to a maximum of three years) for which the paid acting and temporary rank was held, there may be added one-third of the difference between the retired pay for which the officer is eligible and the retired pay for which he would have been eligible had his rank for retired pay purposes been the rank above.

Digitized by Google

(*b*) An addition as above will not be admissible to retired pay assessed on a war substantive rank, but where war substantive rank one step above the retiring substantive rank is not otherwise reckonable in assessing the retired pay, it may be reckoned as if it were paid acting or temporary rank for the purpose of an addition.

(*c*) Where substantive rank is not otherwise reckonable for retired pay, it may be reckoned as if it were paid acting or temporary rank for the purpose of an addition under (*a*) above.

(*d*) In the case of a substantive colonel who is eligible for the grant of retired pay in that rank, an addition may be given either for service as a paid acting and temporary brigadier, or for service as a paid acting and temporary major-general. Such an officer who has been both a paid acting and temporary brigadier and a paid acting and temporary major-general may receive either an addition as for a paid acting and temporary brigadier, calculated on the total length served in both ranks, or an addition as for a paid acting and temporary major-general calculated on the length of his service in that rank only.

The provisions of this Article will cease to have effect in respect of retirements after the 31st October, 1952. An officer retiring subsequently will, however, be eligible to receive, as a reserved right, the retired pay which he might have been given had he retired on the 31st October, 1952, for the same cause, based on his rank and service up to that date. For the purpose of this reserved right the substantive rank held on the 31st October, 1952, may be regarded as the rank for retired pay purposes, even if it had not then been held for two years, provided a period of two years in the substantive rank is in fact completed.

25. Service in temporary rank attained under the revised rules which came into operation on the modification of the war promotion system on the 1st November, 1947, will continue, for the time being, to reckon for additions to retired pay under Article **24**, but the Army Council may fix a date after which periods in temporary rank will no longer be so reckonable.

Special Rules on the Introduction of the Substantive Rank of Brigadier

26. For the period between the 1st November, 1947, and the completion of the substantive establishment for the rank of brigadier*, the following special rules will apply :—

(*a*) An officer who is promoted to the substantive rank of brigadier at any time during that period may reckon towards the two years in the substantive rank necessary under Article **21** any period in the paid acting or temporary rank of brigadier held after the 31st October, 1947.

Crown Copyright Reserved

* *See* Army Council's instructions at end of Schedule.

(*b*) A substantive colonel, whether promoted substantive brigadier or not, may be granted an addition on the basis of Article 24(*d*) despite the introduction of the substantive rank of brigadier, service in the substantive rank of brigadier being, if appropriate, regarded for this purpose as if it were service in that temporary rank.

27. For periods after the completion of the substantive establishment for the rank of brigadier* the provisions of Article 24(*d*) will be withdrawn, and thereafter, for so long as temporary rank continues to be reckonable for additions to retired pay, a substantive colonel will be eligible only for additions to retired pay as for a paid acting and temporary brigadier, in respect of whatever higher temporary rank he may hold.

Qualifying Service for Service Retired Pay and Gratuities

28. The following periods may be included in assessing qualifying service for the purpose of the foregoing Articles, subject to the conditions set out :—

(*a*) Full pay commissioned service, including mobilized or embodied service, as an officer of the Royal Navy, the Royal Marines, the Army, or the Royal Air Force, of the former Armed Forces of India or Burma, or of the Armed Forces of British Dominions or Colonies.

(*b*) Periods on full pay as an officer for the purpose of training, while a member of the Auxiliary and Reserve Forces, except broken periods each of less than six months' duration.

(*c*) While a permanent regular army officer, periods in appointments not remunerated from army funds in respect of which the conditions of Article 30 are satisfied.

(*d*) Periods spent on the half-pay list, to the extent to which they would have been reckonable as service for retired pay or gratuity under the regulations in force on the 18th December, 1945.

(*e*) Service as acting sub-lieutenant, midshipman or cadet, Royal Navy, to the extent to which this service would reckon for retired pay under Naval regulations.

(*f*) Service below commissioned rank which would be admissible as service for soldiers' pension under Article 85 of this schedule to the following extent :—

(i) Service which would earn rank element of soldiers' pension in the rank of warrant officer, Class I, in full.

(ii) Other service, as to half.

* *See* Army Council's instructions at end of Schedule.

29. Service preceding a five-year interval in service shall not be included unless specially allowed in exceptional circumstances, and eligibility to reckon such previous service will normally be determined at the time of resumption of service. Where, during a break in service, the officer has been a member of the Royal Army Reserve, the Territorial Army, or other reserve of any of the Forces undertaking or liable for periodical training, the period of such membership will not be considered an interval in service for the purpose of deciding whether the previous service is admissible.

30. The appointments not remunerated from army funds, referred to in Article **28** (*c*) above, which may be allowed as qualifying service, are those which it may be decided can reasonably be regarded as part of an army officer's career as such. They shall be appointments to which the officer brings his military knowledge, and from which he acquires additional experience, and which have been officially offered to him as part of his Army service.

Reckonable Service for Retired Pay

31. The reckonable service for retired pay shall be so much of the officer's qualifying service as was given after attaining the age of 21 years, provided that :—

(*a*) Where the officer served in the ranks before he was commissioned, his qualifying service as an other rank given before the age of 21 may be included, provided that the total service, so reckoned, is not greater than would have been reckonable had he been commissioned at age 21.

(*b*) In the case of an officer who was granted his commission during the war of 1914-18 and before the 12th November, 1918, commissioned service given before attaining the age of 21 years may be included.

Adjustments in Respect of Previous Service for which a Non-Effective Award has been received

32. In the case of previous service in respect of which the officer received a service gratuity or during which contributions have been paid on the officer's behalf under a civil superannuation scheme, or in any case of previous service other than in the Royal Navy, the Royal Marines, the Army, or the Royal Air Force, it may be stipulated, as a condition for allowing such service, that the officer shall make a payment to army funds, either in a lump sum or otherwise. In default of such payment as may have been stipulated, the previous service will not be allowed.

33. If an officer continues in receipt, during his Active List service, of retired pay or other analogous award, or if he has commuted any part of such an award payable in respect of previous service which

Digitized by Google

may be allowed as qualifying service under Article **28**, the award under Sections I or II hereof shall be of such amount as the Army Council may determine, and shall normally not exceed the difference between the award of which he is already in receipt, including any amount commuted, and the award for which he would otherwise be eligible.

34. *Deleted.*

Reserved Rights, etc.

35. An officer who held a permanent regular army commission on the Active List on the 6th March, 1946, will be eligible to receive, in place of the award admissible under this Section, the award for which he would have qualified under the regulations in force on the 18th December, 1945, had he continued until the date of his retirement in the substantive or war substantive rank which he held on the 6th March, 1946.

36. The provision in the Royal Warrants dated 31st May, 1944 and 13th May, 1947*, for the increase of certain pensions, will not apply to retired pay awarded under this Section. Awards under the regulations in force on the 18th December, 1945, made by virtue of the reserved right conferred by Article **35** above may, however, be increased under the provisions of those Warrants. An officer who has a reserved right under Article **35** may at any time be required to make a final choice between the award admissible under this Section and the award for which he is eligible by virtue of his reserved right, including actual or potential eligibility for the increase of the latter under the Warrants referred to.

81. Terminal grants in addition to pension awarded under this Section will be assessed as follows :—

(*a*) Where the soldier has at least 22 years' reckonable service.

Rank	*Terminal Grant* *For the first 22 years' reckonable service*	*Addition for each further year's reckonable service*

(*b*) Where the soldier has at least 21 years' reckonable service and is pensioned under Article **82**(*b*), a terminal grant at the rate for 22 years' reckonable service may be given.

(*c*) In other cases in which the reckonable service is less than 22 years, the terminal grant shall be at the rate of one twenty-second for each year of reckonable service, of the award appropriate, under (*a*) above, to 22 years' reckonable service (the award being calculated to the nearest penny), or the sum of £100, whichever is the greater.

(*d*) Save in exceptional circumstances at the discretion of the Army Council, additions for further service beyond 22 years will not be given in respect of service on any engagement, re-engagement, or period of continuance, which was prematurely terminated at the soldier's request.

(*e*) In the case of a soldier who was not serving with the colours on the 1st September, 1950, terminal grant assessed as above shall not be payable in full unless he has completed at least five years' further service after that date. If he has completed less than five years' service after 1st September, 1950, he shall receive one fifth of the terminal grant for each year of such service.

82. Service pension and terminal grant assessed as in Articles **80** and **81** may be granted to :—

(*a*) A soldier transferred to the Reserve, or released on the termination of his war service, or discharged otherwise than for misconduct or for inefficiency due to causes within his own control, if he has completed at least 22 years' service as reckonable under Article **85** below.

Digitized by Google

(*b*) A soldier who has re-engaged to complete 21 years' service, and who is released or discharged on or after the termination of his re-engagement, if he has completed at least 21 years' continuous service reckonable under Article **85** below.

(*c*) A soldier who is invalided, after having undertaken a re-engagement to complete 21 or 22 years' service (whether or not he has entered into his re-engagement before his discharge), or after having re-enlisted for a period which would complete 22 years' service, provided that he has completed at least 12 years' service as reckonable under Article **85** below.

83. A soldier who is discharged for inefficiency within his own control, and who has completed at least 22 years' reckonable service, may be granted such portion of the service pension and terminal grant assessed under Articles **80** and **81** as the Army Council may determine on the recommendation of the Commissioners of Chelsea Hospital, having regard to the circumstances of the case.

84. A soldier who is discharged for misconduct or with ignominy, and who has restored to him reckonable service of at least 22 years, may be granted such pension and terminal grant as the Army Council may determine on the recommendation of the Commissioners of Chelsea Hospital, having regard to the circumstances of the case, but not in any event exceeding 90 per cent. of the award which would have been admissible had he been discharged on other grounds.

84A. A soldier appointed to a short service commission while serving on a normal regular engagement who does not return to the ranks on the termination of his Active List service may, if otherwise eligible, be granted a pension and terminal grant under the provisions of this Section, as if his service had terminated by discharge from the ranks.

85. *Reckonable Service.*—Reckonable service for the purpose both of determining entitlement to pension and of assessing the rates of pension and of any terminal grant payable therewith will be as follows :—

(*a*) Unforfeited full pay service given, otherwise than as a commissioned officer, after attaining the age of 18 years, in the Royal Navy, the Royal Marines, the Army or the Royal Air Force, or the former Armed Forces of India or Burma, or the Armed Forces of the British Dominions or Colonies.

(*b*) Service as a commissioned officer which would reckon as qualifying service under Article **28**.

(*c*) Periods on full pay for the purpose of training, while a member of the Auxiliary and Reserve Forces, except broken periods individually of less than six months' duration.

(*d*) While a regular soldier, periods in appointments not remunerated from Army Funds in respect of which the conditions of Article **87** are satisfied.

86. Service preceding a five year interval in service will not be included unless specially allowed in exceptional circumstances and eligibility to reckon such previous service will normally be determined at the time of the resumption of service. Where, during a break in service, the soldier had been a member of the Royal Army Reserve, the Territorial Army, or other reserve of any of the Forces undertaking or liable for periodical training, the period of such membership will not be considered an interval of service for the purpose of deciding whether the previous service is admissible.

87. The appointments not remunerated from Army Funds, referred to in Article **85**(*d*) above, which may be allowed as reckonable service, are those which it may be decided can reasonably be regarded as part of the soldier's career as such. They will be appointments to which the soldier brings his military knowledge, and from which he acquires additional experience, and which have been officially offered to him as part of his Army service.

88. In the case of previous service in respect of which the soldier received a Service gratuity (including a gratuity in respect of supplemental service, or of service on a short service engagement), and in any case of previous service other than in the Royal Navy, the Royal Marines, the Army, or the Royal Air Force, it may be stipulated as a condition for the allowing of such service, that the soldier will make a payment to Army Funds, either in a lump sum or otherwise. In default of such payment as has been stipulated, the previous service will not be allowed.

A pensioner rejoining will not, however, be required to refund any terminal grant he has received under Article **81**, but if a fresh award is made to him at the end of his further service, that award will be reduced by the amount of the terminal grant he previously received.

89. Periods excluded from reckoning as qualifying service under the Pay Warrant, 1940, Article **1104**, sub-paras. (*a*), (*b*), (*bb*), (*c*), (*d*), (*j*), (*k*), and (*l*), will be forfeited and non-reckonable as service towards pension under this Section. Such periods may, however, be restored and allowed to reckon as provided in the Pay Warrant, 1940, Article **1104**.

90. *Rank.*—In assessing rank element of pension, all paid rank will be taken into account.

The rank for assessing the terminal grant under Article **81** shall be the highest paid rank held for a period of two years or more during the five years preceding termination of full pay service.

91. *Deleted.*

92. The provisions in the Royal Warrants of 31st May, 1944 and 13th May, 1947*, for the increase of certain pensions, will not apply to pensions awarded under the foregoing provisions of this Section.

* Army Orders 89 of 1944 and 58 of 1947.

93. *Reserved rights.*—A soldier who was serving on the 19th December, 1945, and who had, before that date, undertaken an engagement or a re-engagement under which he would complete 21 or more years' service for pension as reckonable under the Pay Warrant, 1940, may at his option be granted, in place of pension and terminal grant under the foregoing provisions, the pension for which he would have qualified under the regulations in force on the 18th December, 1945. Such a pension may be increased under the provisions of the Royal Warrants of 31st May, 1944 and 13th May, 1947*.

94. The provision in Article **93** will be disregarded for the purposes of the Recall of Army and Air Force Pensioners Act, 1948†.

95. A soldier to whom Article **93** applies may at any time be required to make a final choice between the award admissible under Articles **79** to **90** and the award admissible under Article **93**.

† The effect of this Article is that a soldier receiving a pension by virtue of Article 93 will not be liable to compulsory recall under the terms of the Act referred to.

2. *Definition.*—In the following paragraphs the term "personnel" will be read as referring to both officers and other ranks.

3. *Qualifying Service reckonable for gratuity.*

(*a*) (i) Service of one day or more in Korea on the posted or permanently attached strength of a unit or formation in Korea.

(ii) Official visits, inspections, etc., by personnel on duty for a period of 30 days, which may be either continuous or aggregated.

(*b*) Service subsequent to (*a*) above, in the theatre under United Nations Command outside Korea, only when held on the strength of a unit or sub-unit which is required to operate in Korea. Service in Japan only will *not* qualify for the gratuity.

(*c*) Where there is a break in reckonable service which is the direct result of wounds, injuries or sickness resulting from the performance of duty, the first two months of such break, reckoned from the date of cessation from duty, shall be included in assessing the gratuity.

Digitized by Google

(*d*) Service reckonable for gratuity must have been rendered during the period 2nd July 1950, inclusive, to a date to be decided later by the Army Council.

(*e*) Except where otherwise ordered by the Army Council, service reckonable for gratuity will be limited to that in respect of which the remuneration authorized has consisted solely of army pay and allowances.

4. *Rank on which gratuity is based.*

(*a*) Except as stated at (*b*) below, the gratuity will be assessed on the substantive or war substantive rank held by personnel at the date of termination of their reckonable service or, if more favourable, upon the highest paid rank held at any time during the qualifying period, for a period or for periods amounting to not less than one month (30 days) in all. Service in any higher paid rank of less than one month in the aggregate will reckon towards the one month minimum in a lower rank.

(*b*) Where a soldier's rank has been reduced for disciplinary reasons during his qualifying service for gratuity, the gratuity will be assessed on the rank to which he was so reduced, or any higher rank subsequently attained which would reckon under the conditions of sub-para. (*a*) above.

5. *Officers with previous service in the ranks.*—Where soldiers have been commissioned during the qualifying period and have held commissioned rank for one month (30 days), gratuity will be assessed at the rate appropriate to their commissioned rank for the whole of their period of reckonable service.

6. *Non-entitled classes.*—The gratuity will *not* be admissible in the following cases where the offence was committed during the qualifying period of service as defined in para. 3 above:—

(*a*) personnel whose services are terminated by death by sentence of a military court;

(*b*) personnel who die in a state of mutiny or desertion;

(*c*) officers who are cashiered, dismissed, or whose services are dispensed with for misconduct, (unless otherwise ordered by the Army Council), or for other causes which, in the opinion of the Army Council, disqualify them for the grant of gratuity;

(*d*) soldiers who are discharged under King's Regulations 1940, para. 390, sub-paras. (xii) or (xiii);

Digitized by Google

(*e*) soldiers who were invalided on account of a self-inflicted wound or injury in respect of which they have been convicted of an offence under the Army Act.

7. *Non-reckonable service.*—The following service will *not* reckon for gratuity:—

(*a*) Any continuous period of more than 28 days for which full pay is inadmissible to a soldier; or any periods arising out of the same act or occasion which amount in all to more than 28 days in respect of which pay is inadmissible.

(*b*) All service on an engagement during which a soldier has been found guilty, or has had his trial dispensed with, on a charge of desertion or fraudulent enlistment, rendered before the date of being found guilty, or of such dispensation with trial, unless the service is subsequently allowed to reckon under the provisions of para. 8 below.

(*c*) Where a soldier has been sentenced to a term of imprisonment exceeding 2 years by a military court, all service before the date of such sentence unless such service is subsequently allowed to reckon under the provisions of para. 8 below.

8. *Restoration of Service.*—A soldier who has forfeited service for gratuity under the conditions of para. 7 (*b*) may be allowed to reckon the service for gratuity, subject to the other conditions of this Warrant:—

(*a*) If the service has been (i) restored under the provisions of King's Regulations, 1940, para. 266, or (ii) is allowed to reckon for pay under the Pay Warrant, 1950, Article 368 (*a*);

or

(*b*) On the authority of a superior commander, not below the rank of major-general,

(i) if he has been specifically recommended for an award or mention for gallantry by an officer not below the rank of lieutenant-colonel;

or

(ii) after holding the paid rank of corporal for at least three months or on promotion to a paid rank higher than corporal (substantive, or acting rank shall reckon for this purpose);

or

(iii) on completion of six month's service clear of an adverse entry in his regimental conduct sheet following the date of release from detention or imprisonment to which he may have been sentenced on account of the desertion or fraudulent enlistment;

or

(*c*) On the authority of the Officer i/c Records, where a soldier has been discharged or has been transferred to the Royal Army Reserve, subject to the conditions of (*b*) (ii) or (iii) above.

(*d*) Cases not covered by (*a*) or (*b*) above may be submitted for consideration by the Army Council for the restoration of the service for gratuity if recommended on the grounds of special meritorious or good and faithful service, or where the soldier is deemed to merit such restoration.

9. *Deceased personnel.*

(*a*) Where a person in respect of whose service a gratuity is payable under this warrant dies after the date of the warrant, but before the issue of the gratuity, the gratuity shall be paid as a sum standing to the credit of the deceased and shall be applied and disposed of as personal estate of that person in the hands of the Secretary of State at the death of that person.

(*b*) Where such a person has died before the date of this warrant, the gratuity shall not be placed to the credit of the deceased or paid as part of his personal estate, but may be paid either:—

(i) to the personal representatives of the deceased for the purpose of being disposed of as if it were part of the personal estate of the deceased; or

(ii) to or for the benefit of such persons as the Secretary of State thinks fit, having regard to any information in his possession as to the persons interested in the estate of the deceased.

10. *Persons of unsound mind.*—Where a person in respect of whose service a gratuity is payable under this warrant is of unsound mind, the gratuity shall, in cases to which Section 24 of the Regimental Debts Act, 1893, is applicable, be applied and disposed of in accordance with that section, and in other cases shall be applied by the Secretary of State for the benefit of that person in such manner as the Secretary of State may think fit, and the gratuity

may for that purpose be invested by deposit in a Savings Bank or otherwise and, if necessary, in the name or names of a trustee or trustees for the person in respect of whose service the gratuity is payable.

11. *Prisoners of War.*—The gratuity will be admissible and the service during the period of captivity in or outside Korea will reckon until the termination of the scheme and subject to the other conditions of this warrant, except that if on re-joining it is proved before a court of inquiry convened by order of a general officer commanding that an individual was taken prisoner through neglect or misconduct on his own part, or that he served with or under or aided the enemy or that he did not as soon as possible return to the service, he may forfeit all or part of the gratuity.

Army Council's instructions to the foregoing Warrant

1. *Calculation of service.*

(*a*) Service will be calculated in complete months and days. Broken periods will be added together and in the aggregate every 30 additional days will reckon as a month. The initial rate covering the first 3 months or less service will be issuable once only.

(*b*) If personnel leave the United Nations command and subsequently return for further reckonable service the second period will not qualify for another initial payment. The second period will, however, count for the purpose of assessing the monthly additions.

(*c*) The reckonable period of service not exceeding two months, referred to in para. 3 (*c*) of the schedule, includes the first 21 days during which personnel who are evacuated on medical grounds within the theatre behind regimental aid posts are held on the strength of the unit before being placed on the X/2 list.

2. *Non-reckonable service.*—The effect of para. 3 (*e*) of the schedule is to exclude from qualifying for the gratuity, service in the following classes:—

Officers employed and paid by N.A.A.F.I.

Soldiers serving with R.A.S.C./E.F.I., in respect of which N.A.A.F.I. rates of pay (including the element of Army Pay prescribed by Army Order 220 of 1942, as amended by Army Order 173 of 1950) have been issuable.

Personnel remunerated from army funds, or from other sources, at civilian rates of pay.

Note.—Personnel who during their service with the Army received "balance of civil pay" are *not* excluded thereby from qualifying for the gratuity.

Digitized by Google

3. *Income tax.*—It is expected that the gratuities will not be subject to income tax. Unless further instructions are issued no tax deduction should be made.

4. *Date of payment.*—Payment will be made as soon as practicable after posting from United Nations command or at the end of the scheme when the special circumstances held to warrant gratuities have ceased to exist. The date of termination will be decided by the Army Council. In any case the scheme will end immediately should general mobilization begin.

5. *Gratuities, etc., payable on termination of service.*—The payment of gratuity under this warrant will not affect any gratuity or other non-effective award admissible, on termination of service, under Army Order 18 of 1949 (as amended).

6. *Documentation.*—Nominal rolls of all entitled personnel already posted from the Korean theatre showing the periods and highest rank held will be forwarded by (i) the Officer i/c G.H.Q., Field Records, Far East Land Forces to the Command Paymaster Hong Kong and (ii) the Officer i/c H.Q. No. 1 Independent Field Records, British Commonwealth Forces to the Officer i/c Army Pay Office, Manchester, in the case of officers, and to regimental paymasters for other ranks.

Copies of all rolls will be sent to the War Office (O.D.O.) for officers and to the appropriate Officer i/c Records for other ranks.

The entitlement of personnel posted from the Korean theatre in future will be notified in Part II orders.

Separate accounting instructions will be issued to paymasters.

By Command of the Army Council,

G. W. Turner.

No. 22

THE WAR OFFICE — *20th February*, 1952

29/GENERAL/1169 — A.O. 22/1952

Message from Her Majesty The Queen to the Army

Buckingham Palace,
12th February, 1952

I wish, on succeeding to the Throne, to address a message to all ranks of my Armies, thanking them for the notable services which they rendered to my Beloved Father during his reign and assuring them of my confidence in their loyalty and efficiency.

My own service in the Auxiliary Territorial Service and my personal association with individual regiments of United Kingdom and other Commonwealth Forces have given me some experience of the varied and onerous tasks which they are called upon to discharge. Devotion to duty, a good humoured acceptance of hardship when necessary, and an undefeatable endurance in adversity are characteristics of the military forces which have brought us victory in war and security in peace. I know that I can rely upon them to respond to any call upon their allegiance with the same competence and enthusiasm with which they served my Father. I shall always take a close personal interest in all that concerns their welfare and efficiency.

ELIZABETH R.

Reply from the Secretary of State for War.

The War Office,
13th February, 1952

Mr. Antony Head, with his humble duty, begs to offer on behalf of the British Army their thanks for Your Majesty's gracious message which affords them great encouragement ; and to assure Your Majesty of the readiness with which they will respond to any future calls upon their loyalty and allegiance.

Her Majesty will continue to watch with pride and interest the future of the Corps in which she served during the War.

FIRST SCHEDULE

1. This Schedule relates to :—

(*a*) Officers' service retired pay and the service portion of disability retired pay, if assessed under regulations in force before 1st September 1950, or, in the case of officers of Maltese units, before 1st January 1951.

(*b*) The service retired pay and the service portion of disability retired pay of members of the former Queen Alexandra's Imperial Military Nursing Service and of the former Queen Alexandra's Military Families Nursing Service.

(*c*) Soldiers' service pensions (including additions for rank and age) if assessed under regulations in force before 1st September 1950, or, in the case of soldiers of Maltese units, before 1st January 1951.

(*d*) Soldiers' service allowances awarded under the Royal Warrants of 26th August 1922[1], 28th September 1923[2], 25th April 1925[3], and 3rd July 1925[4], or under any Royal Warrant amending any of these Warrants and having effect from a date before 1st September 1950.

provided that, in the case of awards made after 31st March 1947, the recipient is also in receipt of another award increasable under the provisions of this Schedule.

(*h*) Any award increased under the Royal Warrants of 16th August 1920[5], or 7th August 1924[6] (which relate to Army pensions) or under the Royal Warrants of 26th September 1921[7], or 13th March 1925[8] (which relate to pensions in the administration of the Minister of Pensions), as amended by Schedule C to the Warrant of 13th May 1947[9], or which would be increasable under those Warrants as so amended but for the income conditions imposed thereby.

2. An award to which this Schedule relates may be increased provided the following conditions are fulfilled :—

(*a*) The income of the pensioner does not exceed, in the case of a pensioner who is married or has at least one dependant, £550 a year, or in any other case, £425 a year, including any pension in either case, but disregarding, in assessing income for this purpose, the first £104 a year of income other than the increasable pension or pensions, and

(*b*) either :—

(i) the pensioner has attained the age of 60 years (or, where the pension is a widow's pension, 40 years) or has not attained the age of 16 years, or

(ii) the pensioner was invalided from the Army, or

(iii) the pensioner is a woman who has at least one dependant, or

(iv) the pensioner is permanently incapacitated by physical or mental infirmity from engaging in any regular full-time employment.

3. The increase admissible shall be as follows :—

(*a*) If the pensioner is married, or has at least one dependant, £26 a year, or in the case of pensions assessed at weekly or daily rates, 10*s.* a week.

(*b*) In other cases, £20 a year, or in the case of pensions assessed at weekly or daily rates, 7*s.* 8*d.* a week.

but shall in no case exceed either one-third of the rate of pension (including any increase granted under former Pensions Increase Warrants) or the amount required to bring the income of the pensioner up to the appropriate income limit in Article 2(*a*) above, whichever is less.

4. Any portion of a pension which has been commuted shall not be regarded as part of the pension for the purposes of this Schedule.

5. The grant of an increase of pension under this Schedule shall not affect entitlement to increase of pension under former Pensions Increase Warrants, and any increase granted under this Schedule shall be disregarded in determining entitlement under those Warrants.

6. The income of a married pensioner shall be deemed to include the income of the husband or wife of that pensioner, but the income of a pensioner shall not be otherwise deemed to include the income of any other person.

7. A pensioner shall be regarded as unmarried unless the husband or wife of the pensioner is alive, and where a husband and wife are living apart, they may be treated as unmarried persons at the discretion of the Army Council or of the Minister of Pensions, as the case may be.

8. To be regarded as dependent on the pensioner for the purposes of this Schedule a person must be in fact wholly or mainly supported by the pensioner, and must not have an income from other sources (apart from income from any scholarship or educational endowment) in excess of £104 a year, and must be either :—

(*a*) the parent, brother, sister, child, uncle or aunt of the pensioner, or of the pensioner's husband or wife, or deceased husband or wife, or the child of such a relative (" child " including legitimate and illegitimate children, step-children, and statutorily adopted children) or the pensioner's step-father or step-mother, or

(*b*) under 16 years of age, or receiving full-time instruction at an educational establishment, or undergoing full-time training for a trade, profession or vocation.

9. Where a pensioner is in receipt of more than one pension to which this Schedule applies, the aggregate increase on all such pensions shall be restricted to the increase which would have been given on a single pension equal to their total. The increase on each individual pension shall be calculated by dividing the aggregate increase between the pensions in proportion to the increases which would have been given apart from this restriction.

10. Where a husband and wife are both in receipt of pensions to which this Schedule applies, the pensions of husband and wife may be increased separately. Where in such a case it is necessary to restrict the aggregate increase in order that the appropriate income limit may not be exceeded, the increase on each individual pension shall be calculated by dividing the aggregate increase between the pensions in proportion to the increases which would have been given apart from that restriction.

11. For the purpose of applying Articles 9 and 10 a pension of either of the following categories shall be taken into account as if it were a pension to which this Schedule applies :—

(*a*) A pension arising from service in the Royal Navy or Royal Air Force increasable under provisions corresponding to those of the present Warrant.

(*b*) A pension increasable under the Pensions (Increase) Act, 1952.

12. Where a widow in receipt of a widow's pension has dependent on her a child or children under 16 years of age receiving pension or compassionate allowance in respect of her husband's service, the widow's pension and children's awards shall be aggregated for the purpose of determining the amount of the admissible increase. The amount so determined shall be distributed proportionately between the awards.

(*a*) pension awards under the Royal Warrants governing the civil pay and pensions of retired officers appointed to the War Office for clerical duty, and

(*b*) pension awards under the Pay Warrant, 1940, Articles 499, 705, 1127 or 1197, or the corresponding provisions of earlier Warrants,

ıe award may be increased to the extent to which a corresponding ward under the Superannuation Acts would have been increasable ınder the provisions of the Pensions (Increase) Act, 1952.

2. The income limits imposed by Article 2 of the Third Schedule o the Royal Warrant of 31st May 1944[10], and by Article 1(*e*) of the Royal Warrant of 17th November 1944[11], in connexion with the eassessment of certain awards under the Royal Warrants of 31st December 1922[12] and 3rd July 1925[4], respectively, shall be withdrawn ıs far as they relate to any such reassessed award, or any portion hereof, which is calculated with reference to the degree of disablement ɔf the pensioner.

THIRD SCHEDULE

General Provisions

1. Any general conditions attaching to the grant or continuance of a pension shall also apply to the grant or continuance of any increase to that pension awarded under the First or Second Schedules hereof.

Rules of Procedure for Courts-Martial and Other Matters, 1947

AMENDMENTS No. 8

1. Her Majesty the Queen has been graciously pleased to approve amendments to "Rules of Procedure for Courts-Martial and Other Matters, 1947" to come into operation on 1st December 1952. These amendments are made by Her Majesty under the provisions of Section 70 of the Army Act.

4. The amendment to the statement of offence in Appendix I is to simplify the framing of charges where the offence alleged against a person subject to military law is that of committing a civil offence.

5. The amendment to the Second Appendix is to amplify the form of proceedings in the case where an accused has pleaded guilty and to bring the Appendix in line with Rule 44A (B).

6. Amendments No. 8 will not be issued separately, but they are incorporated in Amendments No. 2 to the Manual of Military Law, 1951, Part I.

New Publications

110/General/7816 **A.O. 149/1952**

Army Recruiting and Service Regulations, 1952 (W.O. Code No. 10162).—This publication has been approved and copies will be distributed on a limited basis.

The regulations were made by the Army Council under Part II of the Army Act on 1st May 1952. Regulations so made before that date are not included in this publication, but comprehensive regulations are being prepared, and when these are complete, copies will be distributed on a wider basis.

The regulations now published supersede any provisions contained in the Regulations for Recruiting for the Regular Army, 1934, with which they conflict or are inconsistent.

When interpreting the regulations, due regard must be paid to the relevant instructions in Queen's Regulations, Army Council, recruiting and other instructions, in which the substance of the regulations has already been promulgated. The regulations exclude anything that is specifically laid down in the Army Act; *e.g.*, they do not authorize enlistment for 22 years because Section 76(1) (*a*) of that Act authorizes such a term of enlistment.

Part I, Section X, sub-section 1—General conditions of issue of clothing. This sub-section will be issued later.

Part I, Section XIB—Training Grant, for which provision has been made elsewhere.

Paragraph and appendix numbers have been changed.

3. The rates of National Insurance contributions detailed in Appendix X of the new edition are obsolete. Current rates are contained in A.C.I. 576 of 1952. The new rates were notified too late for immediate incorporation in Appendix X ; this Appendix will be amended later.

4. An index will be published in due course.

owers in Relation to Losses, etc., and Extra Regulations Expenditure

AMENDMENTS NO. 5 TO ARMY ORDER 125 OF 1948

The following amendment will be made to Army Order 125 of 948 :—

Table. *Under* Section II B *delete* note (4) and *substitute* :—

Amdt. 5/Nov./1952 16/General A/789

(4) The commanding officer of a unit, provided that he is not below the rank of major, may himself authorize write-off of losses occurring in his own unit within the following limits, subject to compliance being made with the provisions of Clothing Regulations and Regulations for the Equipment of the Army, Pamphlet No. 4, as appropriate:

(*a*) Section II B (i) :—

(i) Up to £10 in the case of loss of clothing and equipment in the possession of a soldier (including equipment of a vehicle of which the soldier may be in charge).

(ii) Up to £5 in any one case of loss of other unit or accommodation stores.

(*b*) Section II B (ii) :—

Up to £10 in any one case of loss of clothing, personal equipment and other unit or accommodation stores.

The power to write-off losses of accommodation stores does not apply to marching-out losses or damages, which fall to be dealt with under Section II B (iii), to claims raised by Officers i/c Barracks, to losses or deficiencies in married quarters, or to losses or breakages of crockery and glass. This does not preclude submission of cases of losses in married quarters, or of crockery and glass, to higher authority when write-off is considered to be justified.

A schedule of all such cases will be forwarded monthly in accordance with para. 5 of this Army Order, and the Officer i/c Barracks will be notified immediately of all cases involving the write-off of accommodation stores.

territories under Our protection (hereinafter referred to as Our Colonial Volunteer Forces), and shall be twelve years' continuous efficient commissioned service on the active list of Our Territorial Army, Our New Zealand Territorial Force or Our Colonial Volunteer Forces, subject to such conditions as may be laid down in the regulations hereinafter mentioned, provided always that in the case of recipients of The Volunteer Officers' Decoration, The Territorial Decoration and The Colonial Auxiliary Forces Officers' Decoration no period of service rewarded by any of the Decorations aforesaid shall be reckoned as qualifying service for The Efficiency Decoration.

Seventhly.—It is ordained that commissioned service rendered wholly in one of the aforesaid forces; or partly in Our Territorial Army or Our Colonial Volunteer Forces, partly in one or more of Our other Auxiliary Military Forces of Our Commonwealth, or partly in Our Naval or Air Auxiliary or Volunteer Forces of Our Commonwealth as may be defined in the regulations hereinafter mentioned shall reckon as qualifying service for the Decoration subject to such conditions as may be laid down in the regulations hereinafter mentioned.

It is further ordained that commissioned service rendered in Categories A and B of Our former Supplementary Reserve of Officers or in Categories S.R.I(A) and S.R.II(A) of Our former Supplementary Reserve of Officers as reconstituted in 1948 or in Categories E.R.I(A) and E.R.II(A) of Our Army Emergency Reserve of Officers shall, in the case of a commissioned officer serving on the active list of Our Territorial Army, reckon as qualifying service for the Decoration subject to such conditions as may be laid down in the regulations hereinafter mentioned, and provided that such time shall not have been, and shall not be, reckoned as qualifying service towards The Army Emergency Reserve Decoration or Clasps to that award, or any similar awards.

Eighthly.—It is ordained that half the time served on the active list in the ranks of the forces specified in the Sixth Clause of this Our Warrant shall reckon as qualifying service for the Decoration, subject to such conditions as may be laid down in the regulations hereinafter mentioned.

II(A) and E.R.III of Our Army Emergency Reserve shall, in the case of a commissioned officer serving on the active list of Our Territorial Army, reckon as qualifying service for the Decoration subject to such conditions as may be laid down in the regulations herein-

after mentioned and provided that such time shall not have been, and shall not be reckoned as qualifying service for The Army Emergency Reserve Decoration or Clasps to that award, or any similar awards.

Ninthly.—It is ordained that half the time spent after the age of 17 years in the ranks of a Cadet Force or as a cadet in an Officers' Training Corps, as defined in the regulations hereinafter mentioned, shall reckon as qualifying service for the Decoration subject to such conditions as may be laid down in the regulations hereinafter mentioned.

Tenthly.—It is ordained that such war service as may be defined from time to time in the regulations hereinafter mentioned shall reckon as two-fold qualifying service, or as single qualifying service, or as half qualifying service towards the total service required as aforesaid; and that war service not so defined shall not reckon as qualifying service.

Eleventhly.—It is ordained that service on the permanent staff of any of the aforesaid forces by members of Our permanent forces of Our Commonwealth, or service in a Reserve or Auxiliary Force involving a liability for service only and no liability for training in peace, shall not reckon as qualifying service for the Decoration.

Twelfthly.—It is ordained that service shall not be reckoned as qualifying service for The Efficiency Decoration if such service has already been reckoned towards any Long Service and Good Conduct or Efficiency Medal or Clasps except as provided in the regulations hereinafter mentioned.

Thirteenthly.—It is ordained that officers who have the necessary qualifying service shall not be awarded the Decoration unless they are recommended by the Commanding Officer of the unit in which they complete the period of service requisite to qualify for the Decoration, and are certified by the responsible military authorities as efficient and thoroughly capable officers in every way deserving of the Decoration.

Fourteenthly.—It is ordained that service in an honorary capacity of whatsoever nature shall not reckon as qualifying service towards the award of the Decoration in the case of commissioned officers of Our Territorial Army or Our Colonial Volunteer Forces.

Fifteenthly.—It is ordained that a Clasp to be worn on the riband of the Decoration shall be awarded to duly qualified commissioned officers of Our Territorial Army, or Our New Zealand Territorial Force, or Our Colonial Volunteer Forces who, having had the Decoration conferred on them in respect of twelve years' continuous efficient commissioned service, complete a total of eighteen years' continuous efficient service, reckoned in accordance

with the foregoing provisions of this Our Warrant, and a further Clasp shall be awarded for each additional completed period of six years' continuous efficient service reckoned as aforesaid.

It is further ordained that the Clasp to be worn on the riband of the Decoration shall be awarded to commissioned officers of Our Colonial Volunteer Forces, who, having had the Decoration conferred upon them in respect of twenty years' service which was not necessarily continuous, complete a further six years' continuous efficient service reckoned in accordance with the foregoing provisions of this Our Warrant, and a further clasp shall be awarded for each additional completed period of six years' continuous efficient service reckoned as aforesaid.

Sixteenthly.—It is ordained that the Decoration shall not confer any individual precedence but shall entitle the recipient, if an officer of Our Territorial Army, to the addition after his name of the letters "T.D." and, if an officer of one of the other Auxiliary Military Forces of Our Commonwealth, to the addition after his name of the letters "E.D.".

Seventeenthly.—It is ordained that reproductions of the Decoration and Clasps in miniature, which may be worn on certain occasions by those upon whom the Decoration or one or more Clasps have been conferred, shall be half the size of The Efficiency Decoration and Clasps respectively, and that a Sealed Pattern of the said miniature Decoration shall be deposited and kept in the Central Chancery of Our Orders of Knighthood.

Eighteenthly.—It is ordained that the names of those upon whom the Decoration or one or more Clasps are conferred shall be published and a Register thereof kept in the manner prescribed in the regulations hereinafter mentioned.

Nineteenthly.—It is ordained that it shall be competent for Us, Our Heirs and Successors, by an Order under Our Sign Manual on a recommendation to that effect by or through Our Secretary of State for War to cancel and annul, in respect of any person upon whom the Decoration or one or more Clasps has been conferred for service in Our Territorial Army, the award of The Efficiency Decoration or one or more Clasps and that thereupon his name in the Register shall be erased, but that it shall be competent for Us, Our Heirs and Successors to restore the Decoration or one or more Clasps when such recommendation has been withdrawn; provided that such powers shall be exercised by the Governors or Officers administering the Government, as the case may be, of Our respective Colonies or territories under Our protection, or by the Governor-General of any of Our Dominions, Our Government whereof shall so desire, on the recommendation of the appropriate Minister of State, or by the appropriate Minister of State,

or within any territory under Our protection administered by Us in such Government, in relation to the Auxiliary Military Forces within their respective jurisdiction.

Twentiethly.—It is ordained that the Decoration or one or more Clasps shall be conferred under such regulations as to grant, forfeiture, restoration, and other matters, in amplification of this Our Warrant as may, with Our approval signified through one of Our Principal Secretaries of State, be issued from time to time by Our Army Council in regard to Our Territorial Army, or as may with Our approval be issued by the Governors or Officers administering the Government, as the case may be, of Our respective Colonies or territories under Our protection, in relation to the Auxiliary Military Forces within their respective jurisdiction, or by the appropriate Minister of State in any of Our Dominions, Our Government whereof shall so desire, or within any territory under Our protection administered by Us in such Government.

Lastly.—We reserve to Ourself, Our Heirs and Successors, full power of annulling, abrogating, augmenting, interpreting or dispensing with these rules and ordinances, or any part thereof, by a notification under Our Sign Manual.
